There is an urgent need for provision of cots in the dormitories for the students. All most all the cots are in deplorable condition and children are made to sleep on the floor or on depleted cots.

Committee has decided to take up this work of provision of suitable cots for the children. An assessment was made for two tier cot similar to what we had earlier. Cost of each two tier cot with 4 lockers underneath made out of steel pipes with ply wood top works out to Rs. 6,000/- approximately. The cots are made out of Square/Rectangle Steel Pipes of reputed make and water proof plywood. The manufacturer guarantees the life of the cot will be 50 years approx. A sample cot is manufactured and kept at the workshop for display.

The total requirement of the two tier cots will be 165. The total cost of these cots will be Rs. 9, 90,000/- approximately.

It is proposed to take up the job in phased manner by providing 36 cots initially by June, 2007 for use of 10th class students.

All the members of the alumni feel that the school has given us lot to be what we are today. It is time now to give back some thing to the school. All the members are requested to come forward and join hands together to bring back the glory of our school. Members are requested to sponsor/donate funds for the provision of the cots for the school.

Individual can sponsor any number of cots (two tier) they desire each costing Rs. 6,000/- In case any member who desire to sponsor and not in a position to make up Rs. 6000/- they can join with other member and together sponsor Rs. 3000/- each. Names of the sponsor will be prominently displayed on the cots. If any member individually or together with one or two other members sponsor entire cots (app. 36) for a dormitory, their names will be displayed at the entrance of the dormitory on granite stone.

In anticipation of good response from the members, order for manufacture of 36 cots (two tier) was already placed for supply them by the time school re-opens in June. Executive committee members contributed Rs. 50,000/- for initial advance for the above.
